## FURTHER IDENTIFICATION

May Be Made By Them  
When Bodies Are Brought  
From Scene of Disaster—  
American Men Gave Up  
Life Belts to Helpless  
Women.

QUEENSTOWN, May 11.—The number of bodies of victims of the torpedoing of the Cunard liner Lusitania, at Baltimore, a small seaport on the southern Irish coast, was increased this morning to ten. The other bodies have been brought ashore at Castletownsend, near Baltimore. Of the bodies at Baltimore, six are of men and four of women.

The Cunard line today dispatched a tug to Baltimore to bring all 12 bodies to Queenstown. Relatives and survivors who had planned to leave today are going to remain over in the hope of the possibility of making further identifications. It is reported there that one of the bodies at Baltimore had on it papers bearing the name of Harrison, Main street, Bridgeport, Conn., and that on another there was found the circular of a firm called Florence and company, tooth brush manufacturers in Connecticut. The tug dispatched yesterday evening by the Cunard company to the scene of the disaster to look for bodies had not returned to Queenstown up to noon today.

QUEENSTOWN, May 11.—The body of Albert Thompson, of Toronto, brought in by an admiralty trawler last night, was found drifting with wreckage near the coast not far from the scene of the Lusitania disaster, which leads to the hope that additional bodies may be found in that vicinity. Seven unidentified bodies also were landed at Baltimore, 47 miles southwest of Cork, but the weather conditions are such that it is not considered probable many more will be found in that immediate vicinity and all hope of finding survivors now has been abandoned.

A current of from two and a half to three knots races around Old Head Kinsale and this has been augmented by a stiff east wind which at the end of eight or nine days, may carry bodies ashore around Cape Clear, on the west Irish coast. The winds ordinarily prevailing would have brought bodies ashore on the Atlantic coast of Cornwall, England.

The Cunard steamship company after much trouble, has sent a tug to the scene of the disaster with instructions to run into the nearest cove and inform Cunard officials here if even a single body is found.

There are indications that the heavy death roll among the American men in the first cabin was due to a scarcity of life belts, many of them having given the life preservers they had obtained to helpless women.

Despondent, Fearing Arrest  
And Unrequited Love, Causes  
Young German to Kill Himself

Lorenz Strobl, German, 28 years old, fearing arrest on a charge of white slavery, Monday evening fired a bullet into his right breast and died about two hours later at the Newark Sanitarium where he was removed by Criss Brothers' ambulance. It is the opinion of the police department that Strobl intended to kill Mrs. Carrie McAllister, with whom he was in love, but failed to carry out his declared intentions. In a letter addressed to his sister in Germany, Strobl indicated that this was his plan.

Three weeks ago, Strobl came to Newark and called upon Mrs. McAllister at her home in South Third street. There he proposed to the young woman and was refused. He was seized with an attack of heart trouble and was removed to the Sanitarium in a serious condition but made rapid recovery.

Monday night, he learned that Mrs. McAllister had gone to the apartments of Mrs. Effie Strocker, 11½ West Main street and followed her there. The couple talked for several moments in the presence of Mrs.

WESTERN  
GALICIA  
FIGHTINGRussians Continue to Fall  
Back Before the Austro-  
German ThrustSUCCESSFUL ARMY IS  
NOW WITHIN 50 MILES  
OF PRZEMYSL

## OFFICIAL COMMUNICATION

Given Out By Staff of  
Grand Duke Nicholas—  
Allies' Advance On West-  
ern Front May Check the  
Austro-Germans—Re-  
cruiting Fever Aroused.

LONDON, May 11.—The Russians continue to fall back in Western Galicia before the Austro-German thrust and the German allies have now crossed the upper reaches of the Wisloka river and are within fifty miles of the fortress of Przemyśl. This much is admitted in the official communication given out by the staff of Grand Duke Nicholas, but it is spoken of in a matter of fact way which does not show much perturbation and couples with the reverse the claims of having recommenced a successful offensive against the Austro-Germans at various points.

It is anticipated in London that the allied advance on the western front will help to reduce the pressure on the Russians. A new and significant development in the western theatre is that despite the German concentration in Flanders and France, the British and French forces find themselves strong enough to attack on such a wide front.

Confirmation of yesterday's statement that heavy reinforcements had reached the allied front is found in the Berlin official communication which estimates the number to be "at least four fresh army corps."

The recruiting fervor aroused in Great Britain by the sinking of the Cunard liner Lusitania continues. Information received here from virtually all sources agrees that Italy is going to join the allies, but the precise moment when she is to intervene remains a sealed secret.

The following statement, dated Berlin, May 9, has been officially circulated through the German wireless stations and received by the Marconi company:

"The main headquarters reported some weeks ago that a large number of reports were current which originated in Norway to the effect that near Bergen, on the Norwegian coast, during the night from the 7th to the 8th of April, heavy sea fighting between English and German ships had taken place. Ships coming from that direction also reported that they had seen squadrons of warships. On the night in question, gunfire by the aid of illuminating rockets had been noticed."

"With regard to these reports some light now has been thrown on the matter by the commander of the submarine AE-2, which was destroyed in the Dardanelles. According to a letter which came into our possession regarding the North Sea fight which is said to have taken place, the British battleship Superb is said to have

Strocker, Oscar Masterson who lives in the building and another man. He told Mrs. McAllister that he expected to leave for Chicago, Monday night and upon bidding her goodby, he gave her a letter addressed to his sister in Germany, asking Mrs. McAllister to mail it in case she did not hear from him in three weeks.

Mrs. Strocker and Mrs. McAllister were in the hall on the third floor talking with Strobl when the letter exchanged hands. He turned and started down stairs and the women returned to Mrs. Strocker's apartments. Just as the door closed they heard a revolver shot and running to the steps, saw Strobl's form lying in the hall below.

A hurry call was sent for the police and Chief Sheridan who was at headquarters responded with Captain Hager and other officers. Strobl was found to be mortally wounded and he was ordered removed promptly to the Sanitarium. The bullet penetrated his right breast at the left of the nipple. The weapon used was

## New French Gun for Breaking Through Barbed Wire Defenses.

Barbed-wire has been used with most excellent results in the European war. Thousands of feet have been set up before the trenches and elsewhere on the battlefields, and many a charge has failed when it came to breaking through the sword-like barrier. The French, however, have invented what they call a barbed-wire gun. This odd-looking weapon shoots an anchor-like missile into the wire, tearing a tremendous hole, and then the projectile which is attached to a cable, is drawn back to do its work over again.

## EMPEROR

Writes Letter to Dowager Queen,  
Mother of King Victor Emmanuel  
Urging Neutrality.

ROME, Via Paris, May 11.—The Agency National says Emperor William has written to Dowager Queen Margherita, mother of King Victor Emmanuel, pointing out advantages he believes would accrue to Italy should it remain neutral, and urging her to intervene to avoid a conflict with Austria.

The widow of King Humbert is quoted as having replied to the German ruler "In the house of Savoy we reign one at a time."

Emperor William is reported to have written an almost identical letter to the Italian king.

The Milan Secolo asserts that Italy demanded the integrity of Serbia and Belgium as a condition of its neutrality and that this was one of the chief causes of delay in the conversations.

## PETROGRAD

Official Statement Issued From the  
General Headquarters, Regarding  
Late Fighting.

PETROGRAD, Via London, May 11.—An official statement issued last night by general headquarters said: "In the region of Lzok Pass, the enemy made a fruitless attack on Saturday. Serried enemy columns attacked impetuously a position held by two of our companies in a sector of the Javorina mountain chain on the slopes above Lomniza. The enemy's losses were so heavy, heaps of bodies interfered with the fire from our trenches. Our troops, in spite of the enemy's machine gun fire, left their trenches and swept the enemy from the whole region."

The same day, after a desperate fight, the enemy forced a Russian detachment near the village of Zalevki to retire to the left bank of the Dniester.

"Sunday night, our vanguards having crossed the Dniester, attacked the enemy on the Chaboruki front to the mouth of the Stry. We took 1,300 prisoners, one gun and many machine guns."

FOUR DROWN IN  
OHIO RIVER NEAR  
E. LIVERPOOL, O.

EAST LIVERPOOL, O., May 11.—Four persons drowned here today when a yawl in which they were passengers was caught in the current in the "bear-trap," and was swept over Dam No. 7 in the Ohio river at Midland, Pa., near here. The drowned are:

William H. Taylor, 45, chief engineer at the dam, his wife, daughter Celol, 13, and son, Stanley, 6. The bodies have not yet been recovered.

ENGINEERS IN  
CONVENTION AT  
CLEVELAND, O.

CLEVELAND, May 11.—Delegates began arriving here today for the first triennial convention of the Brotherhood of Locomotive Engineers, which is to open tomorrow in this city. Eight hundred delegates and several thousand visitors will attend. The sessions will occupy three weeks.

ZEPPELINS ARE  
BOUND FOR THE  
ENGLISH COAST

AMSTERDAM, Via London, May 11.—The Telegraph says that two Zeppelins passed over Ameland, an island of the Netherlands in the North Sea at 1 o'clock this afternoon. They were travelling westward, in the direction of the English coast, at high speed.

WEATHER FORECAST  
FOR PRESENT WEEK

WASHINGTON, May 11.—Forecast in the weather for the week beginning tomorrow, the weather bureau today issued these predictions in part for the various parts of the country:

Ohio valley and Tennessee—Unsettled Wednesday over eastern portion, but probably without rain of much consequence; generally fair thereafter. Seasonable temperatures.

Great lakes region—Showers Wednesday followed by generally fair weather without temperature changes of consequence.

## AEROPLANE DROPS BOMBS.

PARIS, May 11.—A German aeroplane of the Taube type, flew over St. Denis, a suburb of Paris this morning and dropped two bombs. One missile wounded five persons while the other fell on a building without causing damage.

## STATE TAXES

Pouring Into Coffers of State Treas-  
urer of West Virginia and Of-  
ficials Will Receive Salaries.

CHARLESTON, W. Va., May 11.—All claims against the state of West Virginia, up to May 1, amounting to \$119,000, will be paid today, according to an announcement made last night by E. L. Long, state treasurer. This is made possible, he said, by the large receipt of state taxes during the last few days.

The state treasurer said that in the last few weeks, claims on the state treasury amounting to approximately \$50,000, had been paid and \$100,000 borrowed from the workmen's compensation fund had also been repaid with interest. He said the money paid out today would be applied to the salaries of state employees, the running expenses of state institutions and ordinary expenses of the state government.

ITALY MAY SOON  
PARTICIPATE IN  
EUROPEAN WAR

ON THE ITALIAN FRONTIER, May 11.—Via Paris, May 11.—The opinion prevails in Rome that Italy's participation in the war is only a question of days. Along the Austrian front where the correspondent of the Associated Press has been, from one end of the line to the other, it is a question of hours.

Nevertheless there is still in Italy a party which hopes in the possibility of the country remaining neutral. With the idea of presenting correctly the views of this party, its leader, one of the most influential statesmen of modern Italy, has been interviewed. This statesman lives near the frontier. He declined to permit his identity to be divulged for fear his words would be misunderstood as an endeavor to create obstacles for the present cabinet, "and this cabinet," he said, "must be supported by all Italians even if it makes mistakes."

## ORDERED TO REGIMENTS.

GENEVA, Switzerland, May 11.—Via Paris.—All Italian officers and men in Switzerland up to the age of 34 were ordered yesterday to rejoin their regiments immediately. Austrian and Bavarian forces are concentrating in the Tyrol.

COMMITTEE IS  
WORKING ON THE  
APPROPRIATIONS

COLUMBUS, May 11.—The senate finance committee started today to work on the general appropriation bill, which the house is expected to pass soon after it convenes Thursday, without vital amendment. Members of the senate committee said they would not attempt to finish their study of the bill this week, but would take all the time of the ten day recess planned to extend from next Saturday night to the time of sine die adjournment. This disposed of the reports that the legislators would try to adjourn permanently this week.

HOLDS RECORD FOR  
GERMAN BOMBARDMENTS.

PONT-A-MOUSSON, France, May 11.—This town, which probably holds the record for bombardments by the Germans, again is being subjected to an intense fire. A shell recently fell in the kitchen of a house occupied by a family named LaJaille, without injuring any one, but a few days later another shell landed in a bedroom, killing one person and injuring three.

Government  
Receives The  
German NoteDelivered by Count Bernstorff to Sec. Bryan This Morning—  
Expresses Regret for Loss of American Lives On The  
Lusitania but Reiterates That Great Britain Is  
Responsible for the DisasterSAYS CARGO CONSISTED  
CHIEFLY OF CONTRABANDDeclares England Had Received Official and Unofficial  
Warnings That Owing to Its Cargo Boat Was Liable  
to Destruction On the Sea and Thus Great Britain  
Assumed All Responsibility—President Wilson's  
Philadelphia Speech Not a Declaration of Policy In  
Reference to Lusitania Affair.

WASHINGTON, May 11.—President Wilson said today that his speech in Philadelphia last night was not a declaration of policy in reference to the Lusitania disaster; that he was not thinking of any special matter, but of the newly naturalized Americans in his audience.

The president used the expression that he was thinking of the "Cain," some people were trying to raise.

The Philadelphia speech was interpreted by official Washington as meaning that whatever course is pursued, the United States probably would endeavor to serve the cause of humanity by appealing to Germany to end her submarine warfare against unarmed merchant ships carrying noncombatants.

In some quarters the suggestion was made that the president might forego the usual means of diplomatic correspondence and address a message in person to Emperor William. It was pointed out by persons hither-to in the president's confidence that he might first try to prevent a recurrence of such an attack as was made on the Lusitania, taking up subsequently the question of reparation for the loss of American lives.

Germany's disavowal of any intention to destroy American lives was looked upon by many officials as significant of Germany's desire to maintain friendly relations with the United States and that her main purpose was to terrorize Great Britain and paralyze transatlantic travel.

The German government's official expression of regret for the loss of American lives on the Lusitania and reiterating that Germany holds Great Britain responsible, reached the German embassy here today and was formally communicated to Secretary Bryan by Count Bernstorff. It was as follows:

"The German government desires to express its deepest sympathy at the loss of lives on board the Lusitania. The responsibility rests, however, with the British Government, which, through its plan of starving the civilian population of Germany, has forced Germany to retaliatory measures."

"In spite of the German offer to stop the submarine war in case the starvation plan was given up, British merchant vessels are being generally armed with guns and have repeatedly tried to ram submarines, so that a previous search was impossible. They cannot, therefore, be treated as ordinary vessels. A recent declaration made to the British

Parliament by the Parliamentary Secretary, in answer to a question of Lord Charles Beresford, said that at present practically all British merchant vessels were armed and provided with hand grenades.

"Besides, it has been openly admitted by the British press that the Lusitania on previous voyages carried large quantities of war material. On the present voyage the Lusitania carried 5,400 cases of ammunition, while the rest of the cargo also consisted chiefly of contraband."

"If England, after repeated official and unofficial warnings, considered herself able to declare that that boat ran no risks, and thus light-heartedly assumed responsibility for the human life on board a steamer which, owing to its armament and cargo, was liable to destruction, the German Government, in spite of its heartfelt sympathy for the loss of American lives, cannot but regret that Americans felt more inclined to trust to English promises rather than to pay attention to warnings from the German side."

When the German ambassador left, Secretary Bryan's office, he said he had delivered the message forwarded from Berlin.

"That is all I can say," he added, "for anything else I respectfully refer you to the secretary of state."

While the ambassador was talking, Secretary Bryan came out of his office with an arm full of documents.

"The ambassador has just delivered to me a note from his government which was carried in the press dispatches," said the secretary, pointing to a document in his hand which he took with him to the cabinet meeting.

Secretary Bryan was asked if there was any discussion with the German ambassador concerning the note or the Lusitania matter.

"Nothing that I can talk about," replied the secretary.

Effort to Have Roosevelt  
Testimony Stricken Out Of  
Record Proves Unsuccessful

SYRACUSE, N. Y., May 11.—Justice William S. Andrews presiding in the trial of William Barnes' suit for libel against Theodore Roosevelt, remarked in refusing today to strike from the record testimony concerning Mr. Barnes' connection with direct primaries legislation, race track legislation, the franchise tax and his opposition to Governor Hughes, that such evidence did not show any corruption or impropriety on the part of Mr. Barnes and was allowed to remain in the record simply to show the plaintiff's position in the Republican party.

Counsel for Mr. Barnes were prepared today to continue their effort to have much of the testimony given during the last three weeks in behalf of Theodore Roosevelt stricken from the records. Five motions to this end were made yesterday after the defense rested its case. Four were denied.

Motions regarding the testimony upon the printing situation in Albany the attorneys said, were to be the subject of several more motions. After these motions are disposed

of, Mr. Barnes' attorneys expect to place upon the stand their first witness in rebuttal. Among the witnesses ready to testify is William F. Sheehan, Democratic candidate for United States senator in 1911, when a deadlock in the state senate finally resulted in the selection of James A. O'Gorman.

In all, twelve witnesses have been summoned to appear today. The counsel for Mr. Barnes said that two days at least would be needed for the direct examination of their witnesses.

DENTISTS ASK  
WILLIS TO VETO  
LLOYD MEASURE

COLUMBUS, May 11.—Dentists from Cincinnati, Cleveland, Toledo, Dayton and other Ohio cities, appealed to Governor Willis today to veto the Lloyd bill, which is intended to raise the ethical standard of the dental profession. The complained that the bill is unfair in that it makes advertising difficult. Governor Willis promised to take the subject under advisement.

a 32 calibre hammerless revolver. It had but one cartridge discharged. Police Chief Sheridan ordered Mrs. McAllister, Mrs. Strobel and several others to headquarters for an examination. All those interested told a straightforward story of the affair and the details tallied perfectly. This information was turned over to the coroner who was called after Strobl had died.

Mrs. McAllister turned over to Police Chief Sheridan the letter which Strobl gave to the young woman. It was written in German and directed to Josephine Strobl, Lion & Co., No. 5 Ludwig street, Munich, Bavaria, Germany.

The letter when translated by Michael Sachs, showed that Strobl contemplated murder as well as suicide. In the letter, he asked his sister's forgiveness for the sorrow he was causing her. He spoke of his having traveled in vaudeville with Mrs. McAllister and declared that she left him when business got bad.

"When I came here," says the letter, "different people told me that Miller threatened to get even with me. What he meant thereby I do not know, but men who seemed to be detectives, have followed me for the last fourteen days. One of them said to me that I'd better skip, and leave town as they could arrest me for white slavery. Before I would go to jail, to serve a sentence, I will get out of the way so that our good name shall not be tarnished. I will not go alone, but will take Carrie with me. \* \* \* Farewell and think of me with the love of a sister. A thousand kisses for you. Your unfortunate brother, (signed) "Lorenz."

When Strobl was in the Sanitarium on the former occasion, he told of his stage experience while traveling with a magician's act under the name of Remarc.

The body was removed to Cross Brothers and prepared for burial. No arrangements have been made for the funeral. As far as is known, he has no relatives in this country.

This morning Coroner Jackson removed the bullet from the man's body. It has lodged in the back just below the shoulder blade. The coroner's verdict will be suicide.

DR. GLADDEN'S VIEWS. Columbus, May 11.—Dr. Washington Gladden when asked to express himself on the Lusitania disaster said:

"The time has come when distinct notice should be served upon Germany that such methods of warfare must cease. And at the same moment, the neutral nations of Europe and South America should be called together to see what united action can be taken to put a stop to this carnage. The conditions confronting the civilized world are simply hideous. It is puerile to say that nothing must be done. The united voice of Christendom will be heard."

BOND SALE HERE TAKEN AS A TEST OF MONEY MARKET

Bond buyers all over the country watched with interest the sale of bonds here yesterday when the city opened bids for \$240,000 worth of securities for the grade crossing elimination project. Whether any bids at all were received and whether the bids offered any premium or a substantial premium, were the points in which bond buyers were most interested.

A number of dealers, as was stated yesterday, refused to submit bids because of the uncertainty of what action would be taken by the United States government regarding the disaster to the British liner Lusitania. This morning, Auditor Dodd received a number of letters from bond buyers, explaining their action in not submitting bids, most of these having indicated by previous correspondence that they proposed to bid for the securities. In most of the letters, the financial men were free to state that the uncertainty existing in the financial districts did not warrant any further obligations being taken on. One firm explained that no bid had been submitted because of the unfortunate turn taken in war circles.

All of these letters expressed a willingness to negotiate further for the bonds if none of the bids received was satisfactory to the city officials.

Considering all matters, Auditor Dodd is satisfied that the bids were as good as they were.

GOVERNMENT

(Continued from Page 1.)

today from Philadelphia, where he addressed a gathering of naturalized citizens last night. His speech was being widely discussed here today. While the president did not refer specifically to the situation brought about by the sinking of the Lusitania, some thought he intimated that while the United States would remain at peace, an endeavor would be made to show Germany, from the American viewpoint, that her action was wrong. One of his advisers said the president's chief aim would be humanity first, no matter how vigorous the course adopted.

Speculation as to what will be the policy of the United States still continued today. President Wilson, in the seclusion of the White House, has for the past three days been giving constant attention to the matter, realizing that the American people wish a speedy indication as to what action will be taken. Messages continued to reach the White House today from throughout the country, expressing confidence in the president's ability to handle the situation.

Secretary Bryan and other officials of the state department today await receipt of the German government's note expressing its deepest sympathy at the loss of American lives in the Lusitania disaster, but placing the responsibility upon the British government's "plan of starving the civilian population of Germany." Unofficially it was said that the communication had been cabled to the German embassy here.

The president said he would make a decision on the policy to be followed in the Lusitania case as soon as he had all the elements in mind. For the present he had nothing to add, he said, to his statement of last Saturday night, which was that he was considering "very earnestly but very calmly the right course of action to pursue," and that he knew the country expected him "to act

with deliberation as well as with firmness."

The president made it clear that he was expressing a personal attitude and not referring to any specific case. That led to the belief in many quarters that the president had not reached a decision in the Lusitania case and was speaking his personal feelings as to the ideal the United States should have in this situation as well as other phases of the world-wide war. It was taken that he was endeavoring to explain broadly that the United States should seek to serve the cause of humanity by using its influence to secure an adherence to the duties and principles of international law wherever they have been contravened.

Although the general trend of comment was one of surprise at the limitation which the president placed today on the interpretation of his speech, those who have followed his speeches closely, pointed out that Mr. Wilson has frequently spoken implicitly rather than explicitly.

While his Philadelphia audience was impressed with the belief that the president was referring specifically to the Lusitania tragedy, the president indicated by his remarks today that he meant his speech to be broader than a single incident and to cover the entire subject of foreign relations as well as the subject of domestic solidarity with reference to the aliens who have become neutralized in America.

At the usual hour the cabinet began arriving for the first conference with the president since last Friday. Whether the president would take up the Lusitania tragedy or wait until he had gathered further facts, was something which none of the secretaries themselves seemed to know.

Chairman Stone, of the senate foreign relations committee, discussed the Lusitania disaster with the president before the cabinet meeting began and later said he had no expectation that an extra session of congress would be called.

"I am for peace with honor," said Senator Stone. "I do not know what the president plans to do about the Lusitania. It is his problem and it is useless for others to attempt to advise him."

Senator Stone declared he favored passage of the government ship purchase bill, which failed in the last congress. Such a step, he said, would provide American ships to carry American passengers and goods. He added that he took it for granted that the United States would find means to protect its own ships.

Senator LaFollette, another White house caller, today, opposed the suggestion that diplomatic relations with Germany be broken off.

"I am for peace," said Senator LaFollette. "I want the United States to take a firm stand, but I am opposed to war."

STILL SEARCHING

(Continued from Page 1.)

money that no American man got into a boat until after he had been thrown into the water. Webb Wade, secretary of Alfred G. Vanderbilt, has not yet been able to arrange with the authorities to comply with his request that all necessary rules be chartered at the expense of the Vanderbilt family to search for other bodies as well as that of Mr. Vanderbilt.

Until he heard the story of Dr. Owen Kenan of New York, Mr. Wade believed his employer had entered one of the boats smashed against the side of the ship, but Dr. Kenan's story is so definite it is accepted generally as the correct version of Mr. Vanderbilt's last moments aboard the ship. When the Lusitania was in her death throes, there was no cooler group aboard than that composed of Mme. Marie DePasse, Herbert S. Stone, Lindon W. Bates, Jr., and Dr. J. T. Houghton. The last named was the only survivor of the party. This little band guided with women and children, supplied lifebelts, bound up the wounds of other passengers and then plunged hopelessly into the sea, having given up their own life preservers.

Another throng of anxious friends and relatives arrived here last night but the chances of identifying more of the dead are remote as the great pits in the cemetery are filled with those buried as unknown while other bodies which come ashore even will be beyond identification.

Lady Allan, wife of Sir Montague Allan, of Montreal, left today on a special train for London. Lady Allan's back was injured but she was well enough to travel, under the care of several doctors and nurses. A number of other survivors went to London with her.

Probably the most unconcerned of the survivors is the eight month's old son of Mrs. H. Booth. The mother lost her life, but the father has been located in a hotel in Ottawa. The baby was picked up from the water, but apparently is suffering no ill-effects. A number of the survivors recognized the infant and remembered that the father had remained behind in Canada. An aunt of the infant who is in England will take charge of him.

A pathetic case is that of Mollie Mainman, aged 16, and the seven year old twins, Elizabeth and Edmond Mainman, who lost their father, A. R. Mainman, their mother and two brothers. The family was on the way to Westchester, England, to take possession of an estate there which had been bequeathed to them. The children were taken in by a lawyer.

Wants Her Share.

A petition was filed today in common pleas court by Stella May Hughes against Richard L. Hughes and The Home Building Association Co., being an action to secure her undivided one-half of the interests in four lots held jointly by herself and divorced husband. Her petition also cites that on July 18, 1914, she was awarded alimony to the amount of \$15 a month and that there is due her from her divorced husband \$37.50 that she asks the court to declare a lien on his share of the four lots. She asks in her petition that if this action cannot be secured without injury that the lots be sold by the sheriff and the proceeds divided.

been sunk and the cruiser Warrior is said to have been sinking without the German navy, having suffered any loss. On Friday, the wreck of April, a number of cruisers are said to have arrived in a badly damaged condition. The Lion was very badly damaged. Official reports say nothing of all this.

"Similar reports have come to hand from reliable neutral sources to the effect that a number of badly damaged and slightly damaged ships had reached English ports for repairs. The manner in which they had been damaged has been left unexplained.

"An especially large number of damaged ships ran into the Tyne. A damaged cruiser was towed into the Tyne. A ship of the Lion class with a starboard list and with her aft funnel missing, was towed into the Firth of Forth.

"The silence of the admiralty on all this is easily to be understood. As the German navy took no part in any fighting on the night in question and as a fight with neutral vessels is out of the question, a battle can only have taken place between ships of the British fleet which did not recognize each other in the darkness."

"The secretary of the British admiralty states that there is not a word of truth in this fabrication. It is, however, interesting as a mark of the anxiety of Germany at the present moment to make an impression on neutral states."

FOREIGNERS LEAVE FOR ATWATER TODAY TO WORK ON PIKES

Newark is losing a number of its foreign families who for the past winter have been idle. A full coach of foreigners left the city late last night for Atwater, via B. and O.

These men are leaving to work upon the pikes that are under construction near Atwater and most of the workmen employed at the Everett Bottle Works. According to W. C. Wilson, agent at the B. and O. passenger depot, another coach may leave in the near future for the same destination as those in charge of the road work at Atwater have asked for at least fifty additional men.

These men are good workers, but owing to the financial stringency of the past winter they were more or less a burden upon Newark's charity system. Placing them at Atwater is considered by local business men as a good move. It is expected that after a month or two of employment they will send for their families.

Many a man would weigh more in the social scales if he didn't persist in getting in his own way.

## OREGON MAN IS INTERESTED IN LOCAL BALL CLUB

If any one has an idea that the baseball fans are not interested in the contest being conducted by this paper, to choose a nickname for the Newark club, that idea is a badly mistaken one. The suggestions in the last few days, have come in in large bunches and from all points of the compass. One of the latest to be received is from Riddle, Oregon. The rural routes out of Newark, and patrons in nearby towns in Licking county have also submitted numerous answers.

Wednesday is the last day of the contest. All replies received in this office bearing Wednesday's date, even if delivered Thursday morning, will be granted a place in the contest. Letters not mailed, those which are brought to this office, must be in the office before midnight Wednesday. Any suggestions brought personally Thursday, will not be considered.

Suggestions received today or Wednesday may win the season ticket offered for the best suggestion. It depends entirely upon the selection made by the judges. If a suggestion received on Wednesday is considered better than those received earlier in the contest, it will be chosen and the prize awarded accordingly.

Get busy and send in your answer. Don't wait until too late to qualify.

### Conrad Wins 24 to 4

In the last of the preliminaries for the Haynes trophy in the grade schools league Hartzer lost to Conrad by a decisive score. Hartzer was very weak in the field while Conrad was strong at bat. ## THIEVES BREAK INTO CLUB HOUSE AT WEHRLE PARK

Manager Wreath has asked the help of the juvenile officer in putting a stop to the depredations at Wehrle Park which are causing the club considerable annoyance as well as financial loss. Some time Sunday night the club house was broken into, the padlock on the door being destroyed. Four bats were stolen, each being worth at least one dollar. Sunday youngsters who swarmed about the park, stole four balls which were fouled over the fence. One lad whose name is now possessed by the manager, stole a ball and departed so hurriedly that he left his bicycle which was taken in charge by the manager. The lad appeared at headquarters and begged so piteously for his property, that it was returned to him. He told Mr. Wreath that he had given the ball to another boy. These transactions mean a loss in money of nearly \$8 and while small, the continuation of the practice will

mean a heavy loss during the season. Mr. Wreath proposes to prosecute youngsters for the theft of balls whenever they can be apprehended. The burglary of the club house is a more serious matter and is being investigated.

### McDANIEL'S INDICATORS.

C. E. McDaniel's cafe in North Park place, at present headquarters for the baseball club, is distributing among the fans a device for keeping baseball scores and the girls say it is cute. Being more practical, the men say it is great. By a series of revolving discs the runs, hits and errors of two clubs, and a record of the number of outs may be kept by the fan who is fortunate enough to possess one of the indicators.

## COLUMBUS RACES MAY 15 AND 16

The Columbus auto races will be held next Saturday and Sunday, May 15-16, starting at 2:30 p. m. each day.

The program of events for the two days will consist of at least 14 events with the final event each day a long distance classic. On Saturday the final race will be for 25 miles, which will be the long race of that day, this event will follow a free-for-all handicap race the free-for-all open race, best two out of three heats, the record trials and two events for cars of limited piston displacement which will be run at five and ten miles respectively.

The free-for-all open race will be run at a distance of three miles with a flying start, for each heat. The pole car shall set the pace, the choice of pole shall be drawn by lot, while no car winning a heat will be allowed to be the pole car after winning a heat.

### FAMOUS FOOTBALL PLAYER WHO WAS ON THE LUSITANIA

Lothrop Withington, Old Harvard graduates have fresh in their minds the grand playing of Lothrop Withington when he led the Crimson football team in 1910. Withington, a passenger on the Lusitania, was one of the best line men who every played on a Harvard eleven, and he also starred as a member of the varsity crew of 1909 that defeated Yale.

## PRACTICE GAMES THIS WEEK FOR WRATTEN'S CREW

Week's Games.  
Thursday—Newark club vs. Helsey Diamond H. team at Wehrle Park.

Friday—Newark club vs. Denison at Granville.

Saturday—Newark vs. C. A. C. of the Capital City league, at Wehrle Park.

Sunday—Newark vs. Argencbrights of Columbus, at Wehrle Park.

When this schedule of exhibition games is concluded, the Newark Buckeye League club will be ready to put on the finishing touches to the two weeks of training and then will be ready for the tap of the gong on Wednesday, May 19, which is just one week from tomorrow.

That Manager Wreath has gathered a good bunch of ball players about him, is the opinion of those knowing fans who have seen the squad at work in practice and exhibition games.

How the club will compare with the other clubs in the league, of course remains to be seen. But if there are better clubs in this league, Newark fans will see some corking good baseball this season.

The Newark team has indicated that it will be a hard hitting bunch. That is something that Newark fans have not seen for many a day. After all the fans like best those clubs that hit the ball and hit it hard.

Yesterday Manager Wreath received from Draper and Maynard, a shipment of balls, this brand being adopted by the league as the official ball. They are needed for Wehrle Park uses lots of them.

## Why this man bought a Remington Junior Typewriter

"I have been investigating several of the recent makes of machines, seeking for one of simple construction for ordinary manuscript and letter writing. I was nearly ready to buy a machine of another make when I just happened to see for the first time the Remington Junior, and found it to be the very thing I wanted; and that was a typewriter built simpler and not incumbered with fixtures not needed for writing ordinary manuscript or letters."

The man who wrote this is the postmaster of a small Southern town. He is only one of thousands who have recently bought a Remington Junior. But his reasons apply to everybody—they apply to YOU.

The Remington Junior is our latest product and the latest idea in typewriting.

It is strictly a high-grade machine.

It has the Remington Name, the Remington Guarantee, the Remington Quality—everything Remington except weight and bulk.

"A Simplified Remington" describes it exactly.

And its price is  
**\$50.00**

Remington Junior Typewriters will be sent "on examination," without obligation to purchase.

Easy payment terms can be arranged if desired.

## Season Ticket for Fan Who Gives Best Name for Newark Ball Club

Manager Wreath wants a name for his Newark team in the Buckeye League. The Advocate is going to ask the fans of the city to make the selection. Just pick what you think would make the best nick name for the new club, and send it in a letter to the sporting editor of the Advocate. The winner will be given a season ticket to all games in Newark by the Advocate.

The Cleveland Americans are known as the Indians, the New York Nationals as the Giants, the Boston Nationals as the Braves, etc. In the past, the Newark team has been called the Molders and while this name is not barred, a new nickname is desired, so the Buckeye League club can start with a clean slate.

The big contest opens today, and will continue until May 12. At that time all the names submitted will be turned over to a committee to be selected later.

Don't wait. Get busy and send the Sporting Editor of the Advocate a letter at once.

## BUY MADE IN U.S.A. PRODUCTS

## In Desperate Straits.

It is not likely that Governor Willis will soon again be heard to raise his voice against executive domination of the legislature. He has found that if he is to have anything done he must accept leadership and enforce his demands and he has further found that his touted "hands-off" policy was not such as to bring any credit to his administration.

Like those drunk with power, however, the governor has not been tactful in enforcing his demands. Neither the things gained nor the methods of their gaining have brought to his standard any supporters or any friends, and his critics have multiplied tenfold.

The threat to hold up the Cincinnati Rapid Transit Bill, simply because the Cincinnatians insisted that he keep the word pledged to them to gain his election, was crude. The actual removal of that bill from the house calendar to prevent its consideration at the governor's bidding was brutal.

There was no silk glove method in dealing with the senate in the closing hours of the memorable week's session. The governor's secretary was the message boy who lobbied the recalcitrants into line. The honored sound of patronage notes was warbled into the ears of one; the sharpened blade of the political axe was shown the furtive eyes of the other. It was deal against deal; flattery against flattery; promise against promise.

An appropriation bill pending for Gov. Willis' two years of office asks for the expenditure of more than two million dollars more than will be received from all sources; yet the good governor will not hesitate to reach back into the treasury and grab the needed two million taking it from the ten million dollar surplus the extravagant James M. Cox saved even while Willis fibbed about a deficit. An agricultural ripper was passed and signed one day, and then another bill was passed to restore conditions as they were, only changing the officers. A terrible machine was found entrenched against the dear people but it ceased to be hateful when Willis got the levers. The civil service is ripped to pieces, and Willis is being made into the chief saloon keeper of the state and fighting hardest for the job.

No wonder then that Gov. Willis breaks his pledge and commits the autocratic acts he formerly condemned. No wonder that he plays the game under "packing house rules" where the winner takes everything and takes it any way he can get it.

The governor is in desperate straits. Can he be blamed for being somewhat of a ruffian in his methods?

## May 11 in History.

1745—Battle of Fontenoy. French and Irish defeated English, Hanoverians, Dutch and Austrians.  
 1778—Washington and his generals at Valley Forge renounced allegiance to King George III. and took oath acknowledging the United States to be "free, independent and sovereign states."  
 1914—Memorial exercises to United States sailors who fell in battle at Vera Cruz, Mexico, held at the Brooklyn navy yard.

that their act means the wholesale killing of women and children as well as non-combatant men.—Brooklyn Eagle.

Probably one result will be to arouse England a bit. The absurd and unaccountable course of the British censorship has kept the English people in ignorance of what has been doing in the war and infected them with a foolish and ill-founded optimism. The news they get is good news and mighty little of that. It is admitted that the mass of the people are not aware of the gravity of the struggle; some hold that they will not be until Germans land on the island. As for our own country, no doubt diplomatic correspondence will take place in abundance, but it is hard to see what we could do if we got into the war, except, perhaps, to develop an argument for continuing the administration at the next election. The English navy has the seas under control, and, as for land forces, we have none to send.—Hartford Courant.

At any rate there must be a re-adjustment of our relations with Germany. Whether it is possible for longer to continue friendly and diplomatic or whether they must inevitably become "openly hostile" is an attitude of which the Germans have already accused us—is for President Wilson and his advisers to determine after calm deliberation. It is a time for all patriotic Americans, united, to show their trust and faith in the president and give him their whole support.—Washington Herald.

America today faces a grave and anxious crisis. A tragedy that could have been averted has come to pass. A horror sickening in its completeness has been perpetrated by design. A catastrophe, paralleled only by the sinking of the Maine, has been visited upon us by the reckless act of a friendly nation. With full knowledge, Germany has chosen to disregard the consequences, to follow only such rules as she has made herself, and to inquire of neutral nations what they are going to do about it. Germany has kept her word. She has made good her threat. The Lusitania has been sent to the bottom of the sea almost one might say according to schedule. It is a time for prudence of speech as well as of act, a time for caution and for cool counsel. And it is a time, also, for asserting the rights of all neutrals in whose name, no less than in her own, America speaks today.—Louisville Herald.

## War Its Own Condemnation.

(Columbus Dispatch.)  
 As this war progresses, the deeper must be the conviction that war is too dreadful a business for civilized peoples. More and more numerous must be the recruits for the cause that seeks to end war. In what issues of the conflict now being waged shall be found the justification of the enormous loss of life, the sorrow of the surviving members of broken families, the violation of women and girls, the burning of buildings in which non-combatants had huddled themselves for shelter, the destruction of churches and shrines, the sinking of merchantmen, the non-combatant representatives of a nation at war, the bomb-throwing on defenseless towns and other features of the war that has been brought to the world.  
 All this is the woe of war, unreasoning, hateful, horrid war. Can any sane person wish to perpetuate a system that works such awful ruin and decorates it with famine and pestilence? It is not to be denied that war has some good to its credit, but that was won in other days when it seemed the only way to establish justice and promote progress. But it is the only way no longer. Governments have been established over all the peoples and their uniform aim is justice. It is now time for them to put away this instrument of barbarism and employ the means in international dealings that they use within their own boundaries.  
 The horrors of this war have a purpose. They must also have an effect—the presentation of the strongest possible argument that war must end.

## Obituary

Major Anderson.  
 Lock, May 11.—Major Anderson, aged 82 years, died at his home two miles north of here of heart trouble. Mr. Anderson had been in failing health some time, but his death was entirely unexpected. He is survived by his wife, a daughter, who resides in Newark, and three sons of this place. Funeral services were held yesterday afternoon at 2 o'clock at the Simmons church and burial was made in the Lock cemetery.

Mrs. Jacob Sambrook.  
 Mrs. Harriet A. Sambrook, 42 years old, wife of Jacob Sambrook, of Louisville, Ky., died Tuesday morning at 8:45 o'clock at the home of her sister, Mrs. C. O. Harris, 57 Summit street, after a lingering illness of complications. She came to Newark two weeks ago in the hopes of being benefited by the change but without success.  
 Mrs. Sambrook was a member of the Order of Eastern Star, was Past Matron of the chapter at Livingston, Ky., and was a Past State officer of the Department of Kentucky.  
 She was a native of Kentucky and had always made her home there, besides the husband and the sister at whose home she died, she leaves one son, George H. Sambrook and one brother, James R. Wood of Newark.  
 Funeral and burial will take place here but no arrangements have been made. Announcement will be made Wednesday of the time and place of the funeral.

Mrs. Fannie Jones Bates.  
 Mrs. Fannie Jones Bates, died, early today, at her home, 336 Indiana street, after an illness of three weeks. Mrs. Bates is survived by a husband, W. D. Bates, who, at present, is in Streator, Ill., and by three brothers, W. D. Bates, T. Jones of the Secolo from Lugano, Switzerland, says the police of Lugano have been instructed to make preparations to protect Prince von Ruellow, German ambassador to Rome, when he passes through that city on his way home.

Let tribulation's waters roll, and drench me as I don't deserve; I am the captain of my soul. I am the colonel of my nerve. Don't say my boasting's out of place, don't greet me with a jeer or scoff; I've met misfortune face to face, and pulled its blooming whiskers off. For I have sounded all the depths of poverty and ill and woe, and that old smile I wear for keeps, still pushed my features to and fro. Oh, I have walked the wintry streets all night because I had no bed; and I have hungered for the cats, and no one handed me the bread. And I have herded with the swine like that old prodigal of yore, and this elastic smile of mine upon my countenance I wore. For I believed and still believe that nothing ill is here to stay; to woody woe, that makes us grieve, tomorrow will be blown away. My old time grief went up in smoke, and I remain a giggling bard; I look on trouble as a joke, and chortle when it hits me hard. It's all your attitude of mind that makes you gay or sad, my boy, that makes your work a beastly grind, or makes it seem a round of joy. The mind within me governs all, and brings me gladness or disgust; I am captain of my gail, I am the major of my crust.

## SPRING MEDICINE

Hood's Sarsaparilla, the Great Blood Purifier, is the Best.

Spring sickness comes in some degree to every man, woman and child in our climate.

It is that run-down condition of the system that results from impure, impoverished, devitalized blood.

It is marked by loss of appetite and that tired feeling, and in many cases by some form of eruption.

The best way to treat spring sickness is to take Hood's Sarsaparilla. This old reliable family medicine purifies, enriches and revitalizes the blood. It is an all-the-year-round alternative and tonic, and is absolutely the best Spring medicine.

Get your blood in good condition at once—now. Delay may be dangerous. Ask your druggist for Hood's Sarsaparilla, and insist on having it. Nothing else can take its place.

PRESERVE THE TEETH With the delightfully flavored, anti-septic.

PRESBYTERY MEETING AT GRANVILLE

The Presbytery of Zanesville met in adjourned session Monday afternoon at the First Presbyterian church of Granville. Mr. Payson Linnell, a son of the Granville pastor of the church, a graduate of Denison university and of the McCormick Theological seminary, sustained finely a thorough examination by the Presbytery preliminary to his taking the ordination vows.

At the evening session in the presence of a large congregation he was ordained an evangelist, intending to take up work in Idaho, where he has already accepted an appointment. The sermon was preached by the Rev. Calvin Hazlett of the First Presbyterian church of this city, the charge to the young minister was given by the Rev. E. D. Barnes, pastor of the Granville church and Mr. Linnell was solemnly ordained to the gospel ministry by the laying on of hands of the Presbytery, Rev. M. E. Wright making the ordination prayer.

The Rev. E. O. Barnes was installed pastor over the Granville church, the Rev. W. R. Ward of Mt. Gilead delivering the charge to the pastor and the Rev. W. H. Belfry of New Lexington giving the charge to the people. The pastoral relation existing between the Jersey church and the Rev. M. E. Wright was dissolved. Mr. Wright's health being such as made this step imperative. At the close an informal reception was tendered the newly-installed pastor of the Granville church.

TO LECTURE ON WHITE SLAVERY IN THIS CITY

Rev. A. S. Gregg, of Cleveland, will give four lectures in Newark Sunday and Monday, relative to white slavery and allied evils. His schedule is as follows:

Sunday morning, West Side Church of Christ, "Missing Girls"; Sunday afternoon at 2:30, First Methodist church, for men only, "The Brimstone Trail"; evening at 7:30, Central Church of Christ, "White Slavery Exposed." Monday at 7:30, Mr. Gregg will speak at the Fifth Street Baptist church on "Rulers of America."

The Sunday afternoon meeting will be in charge of the Christian Men's Union, and the Monday night lecture will be intended largely for the church brotherhoods of the city, held under the auspices of the Fifth Street Baptist church.

These lectures are based on extensive first hand experience in fighting vice, and should be heard by every man and woman in Newark. Mr. Gregg was active in the crusade against race track gambling in New York a few years ago. For seven years he has been making Cleveland his headquarters. He is superintendent of the American Civic Reform Union, an organization formed for the purpose of fighting vice in all its forms. J. H. Miller of Newark is one of the trustees of the Union. The Reform Union secured the new law against white slavery in Ohio, and is doing its utmost to stop the traffic in girls.

Mr. Gregg recently held several meetings in Kenton and in reporting them the Kenton Republican says:

"Mr. Gregg is an eloquent speaker and his addresses teem with illustrations and incidents which lend originality and an interesting quality to his lectures which hold the attention of his hearers to the end."

After his lecture in the Presbyterian church at Sidney, Judge Mathers of the court of common pleas, addressed a letter to Mr. Gregg congratulating him on his ability to handle a delicate subject like white slavery without offense.

ASK SUMMONS BE ISSUED FOR A. L. RAWLINGS

R. J. Bearman of Cincinnati, expert accountant, today began his audit of the A. L. Rawlings accounts under direction of the court. A record of and comparison of the Rawlings piano notes will be made.

This afternoon a conference of several of the attorneys interested in the case was held in Jones & Jones' law office and among those present was Mr. Knabe, the Cincinnati piano manufacturer.

In common pleas court Knabe Brothers Company filed an answer and cross petition in the case of Harry Swisher against A. L. Rawlings, asking that an order be made upon receivers Jones and Montgomery to deliver a consignment of pianos to them. The matter will be submitted to the court.

Attorney A. A. Stasel in behalf of Rollin Swisher, trustee, against A. L. Rawlings, et al., filed a precept to the clerk of the common pleas court, to issue summons for A. L. Rawlings.

There is a feeling abroad that Mr. Rawlings' whereabouts is known to a few people and the belief is expressed that he will return to Newark soon. So far as known Mr. Rawlings was last seen by a Newark man in Columbus last Saturday evening.

SUCCESSFUL AFFAIRS GIVEN BY WOMEN FOR PUBLIC LIBRARY

The various clubs of the city have recently set themselves the task of accumulating money for the benefit of the Public Library and in the number of benefits given the amounts realized have been very satisfactory. On last Tuesday through the courtesy of Mr. A. L. Thomas, manager of the Grand Motion Picture Theatre, the Coterie club was given the proceeds of the afternoon performance, and Mr. Thomas very kindly consented to the club members selling tickets, and through this method \$33.65 was secured. The club members feel very grateful to Mr. Thomas for his aid, and his generosity made possible the success of the benefit.

Other clubs and associations have been equally successful: The Monday Talks and the D. A. R. gave a tea, clearing \$24; the Progressive and Review clubs united and gave a musical and tea which brought the sum of \$27. Mrs. J. M. Mitchell, with the aid of the school children, gave a play at the High school auditorium, and the sum of \$125 was realized and this amount will be devoted entirely to the children's room of the library. The Polly Reading Circle play and tea cleared \$25, and the proceeds of the Investigator's club entertainment, an organ recital, were \$19; The Research club donated \$5 and the Whatsoever Circle of The King's Daughters gave a May market and \$10 was turned over to the library.

Mrs. A. G. Wyeth, who has been the guest of Mr. and Mrs. Ralph Wyeth in Granville street was called to Mansfield by the illness of Mrs. Burton Preston.

Miss Mary Miller of West Church street has returned from Columbus, Indiana.

Mrs. Jennie Johnson of Cincinnati is visiting her mother, Mrs. Calne, at her home in Buena Vista street.

Mrs. A. C. Davis of Hudson avenue was a visitor in Columbus on Monday.

Mrs. Jerry Roach of Columbus is spending the day in Newark with relatives and friends.

ARE CELEBRATING PATRONS' WEEK IN PUBLIC SCHOOLS

This week is being celebrated as Patron's Week in the schools of the city, this being the second year, that this week has been so designated.

The parents, relatives and friends of the students are invited to visit the schools at any time during the school hours, and an opportunity will be given to see the pupils engaged in their routine work. Also there is on display an exhibition of the work done by them and on Friday afternoon a special program will be given.

Last year during patron's week 1,290 visitors were entertained at the schools and the faculty this year is desirous of increasing the number to at least 2,000.

TWIN BABY

DIES FROM STRANGULATION AT HOME OF MR. AND MRS. E. W. JORDAN.

Father and Mother at Columbus, Where Former Had Undergone a Serious Operation Sunday.

The five months' old daughter of Mr. and Mrs. Elmer W. Jordan of 9th street, was found dead in bed Monday morning, death having resulted from strangulation. The little one emitted a quantity of undigested food which filled the passages of the nose and throat, causing strangulation. Mr. Jordan is superintendent of county schools.

The death of the child is particularly pathetic because of the fact that the father is in a serious condition in Grant hospital, Columbus, having undergone a serious operation Sunday, and that Mrs. Jordan was with him at the time of the child's death.

The baby was one of twins and had showed no signs of illness, though the other infant had been ill and was under the care of a physician. As late as 2 o'clock Monday morning the little one was apparently well, was fed and went to sleep. It was found dead at 5 o'clock.

Mrs. Jordan returned immediately upon being notified of the child's death. Mr. Jordan was not informed of the fact until Tuesday at noon and withstood the shock well, considering his condition.

Mr. and Mrs. Jordan have the sympathy of a large circle of friends in their bereavement.

Funeral services will be held Wednesday morning at 10 o'clock at the home and will be private. The body will be placed in the vault at Cedar Hill cemetery until the father has recovered sufficiently to attend the burial services.

## Crown Piano

is peculiarly sympathetic—sweet, powerful, satisfying. The evenness of tone voicing, together with the perfect balance of scale, produces an exceptionally pleasing blending of the notes in a chord.

In addition to their splendid tone, Crown Pianos are noted for their delicacy of touch and responsiveness of action. Every mood and fancy of the pianist, no matter how finely shaded, is instantly transmitted to the strings and accurately reproduced. This means much to those who really appreciate good music.

There are many styles from which to choose—plain or fancy designs—all finely proportioned and elegantly finished. The lights and shadows reflected in their mirror-like surfaces emphasize the rich markings found in the beautiful woods. African Mahogany, several kinds of Oak, American and Circassian Walnut—all are represented.

For tone, touch, beauty and durability, Crown Pianos are unequalled.

### 25 Years Ago

(From Advocate, May 11, 1890.)  
Mrs. Samuel Moore of Nebraska, is here to attend the funeral of her brother, Jesse G. Bussey.

A very enjoyable high tea was given by Miss Hattie Snyers last evening at her home in Locust street. Mrs. Bridget McGinley and Mr. John Cunningham have arrived in this city from County Donegal, Ireland and are visiting Mr. Patrick McGinley and Mr. Heaney in the East End.

A packed house witnessed the production of Harry Hamlin's "The Fakir," at the Music Hall last night.

### 15 YEARS AGO TODAY.

### Rheumatism Yields Quickly to Sloan's.

You can't prevent an attack of Rheumatism from coming on but you can stop it almost immediately. Sloan's Liniment gently applied to the sore point or muscle penetrates in a few minutes to the inflamed spot that causes the pain. It soothes the hot tender, swollen feeling, and in a very short time brings a relief that is almost unbelievable until you experience it. Get a bottle of Sloan's Liniment for 25c. of any Druggist and have it in the house—against Colds, Sore and Swollen Joints, Lumbago, Sciatica and like ailments. Your money back if not satisfied, but it does give almost instant relief.

### In Milady's Boudoir

BY GWEN BRANS.

The well-groomed business woman you meet in the train or car each morning is the one who has spent a few moments the night previous in the preparation of her daily toilet. Where the rising hour is an early one the business woman cannot afford to make a leisurely toilet. A few little attentions to oneself in the evening will mean much toward the hurried morning catching of trains.

One or two warm baths at night a week should be interlarded with those of tepid temperature. From five to ten minutes is sufficient in the daily bath. Where a tub bath is not desired, a sponge off in tepid water is suggested. This followed by a short

alcohol rub, prevents one from taking cold. A brisk rubbing should follow all baths in order to get the blood coursing more freely.

Sometimes a bath at night is found to be too relaxing or exhilarating, and accordingly a woman must determine this in accordance with its effect upon herself. While massaging the face one may rest the roots of the hair at the same time by taking out the pins and shaking it over the shoulders.

Under no circumstances, unless illness prevents, should a woman retire without washing or creaming her face. This is especially true where powder and rouge is used, for when these are permitted to remain, they clog the pores and encourage pimples.

Cleanse the face, neck, arms and hands with your favorite soap or prepared meal. The amount of soil and grime that it is possible to accumulate in a single day is surprising, especially when part of the time is spent in the city or traveling on trains.

### Your Boys and Girls

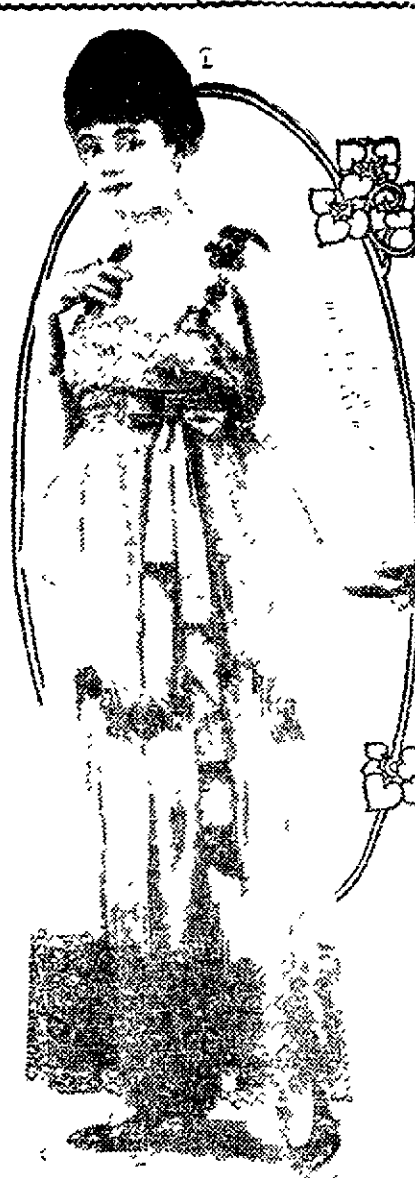

If the little one will not eat her porridge, do not force her to consume it against her will. Very likely the resentment in such a case would cause a dangerous state of indigestion and do the child more harm than good. This is an opportunity to use diplomacy.

Get for the little one a porridge bowl that has upon the inside some pretty or quaint little figures that will be covered with the porridge when the bowl is filled. Name the figures so that when the little one decides that she does not wish to finish her porridge she can be induced to do so because little Billy and Susie or Fawcett or Maria (according to what figures may be) may be able to get a clear space enough to look at their small mixtures.

Another device when a child does not wish to drink the milk that is necessary for its health's sake that it should have, is to play "soda fountain." This is done by allowing the child to drink the milk through a straw. Not only will it be fun to drink the milk, but the milk will be taken in such small quantities that there will be no danger of indigestion.

### THE "ROSE" FROCK.

Gowns have names this season, and the frock shown here was poetically termed "Rose." It is built of rose colored embroidered chiffon with a full skirt, its fullness confined by garlands of roses. The bodice is cut with a tiny peplum, and the arm straps are ribbon and garland of roses.

### Beware of Ointments for Catarrh That Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system which enters it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians as the damage they will do is ten-fold to the good you can possibly derive from them. Halls' Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Halls' Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggists. Price, 75 cents per bottle. Take Halls' Family Pills for constipation.

### Every Day Etiquette

"Is it necessary to call upon a hostess, who has entertained you at a reception?" inquired Joe. "It is not necessary after a tea, as if you go there you are making a call. If you are invited to a musical or reading or other entertainment you are expected to call afterward," was his brother's advice. "Is it necessary to send a bride a gift when one received no announcement from her?" asked Zelda. "It is not necessary to send a gift," answered her aunt.

## WOULD CEDE A PART OF TRENT TO ITALIANS

(ASSOCIATED PRESS TELEGRAM)  
Paris, May 11.—Another version of the territorial concessions Austria is said to have proposed to Italy has been printed by the Mattino of Naples and telegraphed to the Havas Agency by its Rome correspondent. According to this report, Austria is willing to cede part of the province of Trent to Italy, together with a strip of territory in the region of the Isenno river, which empties into the Gulf of Trieste. Trieste itself is absolutely excluded as well as Istria and Pola.

The Italian cabinet is said to have considered these concessions insufficient and made a counter proposition, demanding all of Trent up to Brenner (a mountain pass of Tyrol on the railroad line connecting Innsbruck with Bozen, and offering the shorter route between Central Germany and Italy.) together with Trieste and the Matino asserts, will insist upon obtaining Trieste, but is ready to give Austria commercial guarantees.

The Havas correspondent says he is able to state that the Italian government has demanded of Vienna a definite answer within a fixed time. He adds that in the best informed circles there is no real hope of a peaceful settlement, although Pope Benedict has sent Emperor Francis Joseph an autograph letter, asking him to yield in order to avoid another war.

## GIRLS IN BAD HEALTH.

Hundreds of girls go to work day after day, afflicted with some ailment peculiar to their sex, dragging one foot wearily after the other, working always with one eye on the clock and wishing for closing time to come. Every such girl should rely on Lydia E. Pinkham's Vegetable Compound to restore her to a normal healthy condition, then work will be a pleasure. For forty years this famous root and herb medicine has been pre-eminently successful in controlling the diseases of women. Why don't you try it?

## TURKS LOSSES ARE ESTIMATED AT 45,000 MEN

(ASSOCIATED PRESS TELEGRAM)  
London, May 11.—The allied troops on the Gallipoli peninsula continued their advance Friday and Saturday, according to an Athens dispatch to the Exchange Telegraph company. They are reported to have occupied important positions in spite of the desperate resistance offered by the Turks, whose total losses are estimated at 45,000 men. The hospitals in Constantinople are said to be so crowded that wounded are being sent to Koulich in Asia Minor.

## CLAIMS TO BE AN AMERICAN

(ASSOCIATED PRESS TELEGRAM)  
Victoria, B. C., May 11.—Moses Lenz, whose grocery and warehouse were attacked by anti-German rioters yesterday, claims to be an American citizen and today laid his case before the United States consul here. Lenz claims the damage to his property will amount to between \$10,000 and \$15,000. He says he came here 42 years ago.

## PRESIDENT RETURNS FROM PHILADELPHIA

(ASSOCIATED PRESS TELEGRAM)  
Washington, May 11.—President Wilson returned here at 3:55 a. m. today from Philadelphia, where he addressed an assemblage of naturalized Americans last night. Owing to the early hour the president did not go immediately to the White House, but remained aboard his private car, where he had retired late last night.

## CRUISER ESCAPES AND AVOIDS ENGAGEMENT

(ASSOCIATED PRESS TELEGRAM)  
London, May 11.—A Reuter's Petrograd dispatch says a squadron of cruisers of the Russian Baltic fleet, while cruising in the Southern Baltic in the region of Windau (a seaport in Courland), exchanged long distance fire with a hostile cruiser and torpedo boats which took advantage of their superior speed to escape southward and avoid an engagement.

## RESINOL BEGINS TO HEAL SICK SKINS AT ONCE

You don't have to WONDER if Resinol Ointment is doing you good. You KNOW it is, because the first application stops the itching and your tortured skin feels cool and comfortable at last. Why don't YOU try this easy Resinol way to heal eczema or similar skin eruption? Resinol clears away pimples, too, and is a valuable household remedy for cuts, sores, burns, chafings, etc. It has been prescribed by doctors for 20 years and contains nothing to injure the tenderest skin. Sold by all druggists.

## HOW TO KEEP BABY'S SKIN WELL.

The regular use of Resinol Soap is usually enough to prevent those disgusting rashes and chafings to which most babies are subject. This is so, first, because Resinol Soap is absolutely pure and free from harsh alkali, and second, because it contains the Resinol medication, on which so many physicians rely for skin troubles.

## When You Wash Your Hair Don't Use Soap

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mulified coconut oil, for this is pure and entirely greaseless. It's very cheap, and beats soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a tea-spoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

## NO CANCELLATION MADE OF PASSAGES ACROSS THE OCEAN

(ASSOCIATED PRESS TELEGRAM)  
New York, May 11.—No general cancellation of the sailings of steamers, or of passages engaged from New York to European ports has followed the sinking of the Lusitania, according to agents of steamship lines here. They say, however, that there has been an increase in the popularity of vessels flying neutral flags. The fact that the American line has stopped looking third class passengers for the St. Louis, which is due to leave here Saturday, was cited as an evidence of this.

The agent of the French line said that the sinking of the Lusitania would not prevent them from sending their steamers across as usual. At the office of the Scandinavian-American and Holland-American lines, it was stated that no sailings had been cancelled.

Agents of the White Star line said the Cunard would sail from New York for Liverpool next Friday, according to schedule. Forty cabin and 300 steerage passengers already are booked for that steamer.

At the offices of the Cunard line, it was said that no instructions have been received from Liverpool regarding the sailings of its steamers, and there have been no cancellations.

It was estimated that 2,350 passengers are on board the various steamships from American ports bound for destinations that will take them within range of German submarine activity.

## SUGAR CONTROL IN DIABETES

"Pharmacology has not provided any drug which acts directly upon the sugar forming processes of the liver. Opium exerts an influence, but there are so many drawbacks its use is restricted."—Dr. Von Noorden, Vienna Authority.

Let us face this issue squarely—the ability of Fulton's Diabetic Compound to reduce sugar in many cases of Diabetes in people over fifty is a FACT IN PHYSICS, to prove which we will send sugar formula that will disclose the percentage from week to week.

Chemistry knows no favorites. The presence of sugar is a fact and its disappearance is a fact. Theory plays no part. How can there be a question about the reality of a FACT IN PHYSICS that is being demonstrated daily by the weights and measures of analytical chemistry?

We have a letter before us from a physician whom the Medical Register shows to be a Professor in an Eastern Medical College. He writes as follows: "I have used it in two cases (Diabetes) in my practice with practically complete results. . . . and have recommended it to fellow practitioners who have also been successful."

The thirst often begins to abate and strength to increase before the sugar shows much decline; thus patients often know the case is responding before the tests show it. Formula for sugar reagent and literature mailed on request. John J. Fulton Co., San Francisco. Frank D. Hall, druggist, is local agent. Ask for pamphlet.

## TURKS CLAIM ENEMY SUFFERS HEAVY LOSSES

(ASSOCIATED PRESS TELEGRAM)  
Constantinople, May 10.—Via Amsterdam and London, May 11.—The following statement was issued today by the Turkish war office: "On the Dardanelles, front the enemy made four desperate attacks near Ari Burnu Sunday night, but was repulsed by bayonet attacks and suffered heavy losses. Three enemy battalions were annihilated."

"Monday afternoon the enemy constantly carried away wounded to their boats."

"In the south, near Seddul Bahr, the enemy attacked under the protection of naval guns, but owing to our counted attacks, this assault was unsuccessful."

## INCENDIARY BOMBS.

(ASSOCIATED PRESS TELEGRAM)  
South End, Eng., May 11.—Only four of the bombs dropped by Zeppelin airships in their raid here early yesterday were explosive. The remainder were incendiary. The former weighed about 100 pounds each; but the latter only 18 pounds.

## ITALIANS LEAVE AUSTRIA.

(ASSOCIATED PRESS TELEGRAM)  
Paris, May 11.—A Milan dispatch from Udine to the Havas Agency says trains arriving from Austria are filled with Italian travelers. Hundreds are waiting at the Trieste railroad station for places on trains.

## HULL DROVE CANAL BOAT YEARS AGO

Eli Hull, who it will be remembered, is almost 87 years of age, was recalling the fact yesterday that he was a canal boat driver years ago and to a friend Mr. Hull remarked that "Jimmy Garfield also drove a canal boat over the same route about the same time, but they made Garfield instead of me President of the United States."

True enough, James R. Garfield did drive a canal boat horse and he was elected to the presidency. Mr. Hull, however, need not be discouraged. Surely any 87 year old man who is so vigorous physically and mentally as Mr. Hull is still young enough to be president! A few years ago Mr. Hull personally superintended the construction of the six story fireproof building now occupied by John J. Carroll's store and he is now engaged in building a large number of splendid residences in West Newark several of which are fireproof concrete structures said to be the first of the kind in Ohio. Eli Hull is a wonder. There's no doubt about that.

The present week of seven days, without reference to solar or lunar cycles, was adopted by Egyptian astronomers more than 2,600 years ago.

white enamel. It won't turn yellow. Its ingredients are pure. If a coat of Spartanite be brushed over part of an ordinary white enameled room, the difference between its intense whiteness and the former finish will be quickly seen.

It does not crack or craze with heat or cold. We have kept a panel of it out overnight in zero weather, then plunged it into hot water without fazing it. For all inside white enamel work, Spartanite is superior.

## DR. GLADDEN

OF COLUMBUS TO SPEAK IN THIS CITY ON FRIDAY EVENING MAY 14

Public Invited to Hear Noted and Eloquent Orator at the 4½-monthly Congregational

Washington Gladden who for 35 years has been the permanent, silent influence for pure government and Christian ideals, at the Capital of our state, whom Columbus gladly and freely honors as her first citizen, whose name is loved throughout our nation, will speak at Plymouth Congregational church, Friday evening, May 14th. Dr. Gladden is known throughout our land as educator, clergyman, author, poet and statesman. He has written extensively in all the leading magazines of the country and in books which he has published upon social justice, capital and labor, municipal government, the public school system, and upon every important religious theme. Dr. Gladden will speak Friday evening upon "Social Justice." One of the most prominent leaders in Ohio recently remarked that among the very first books which he would have his two sons read when they grew older, was "The Reminiscences of Washington Gladden."

Washington Gladden is loved and honored by all religious bodies both Protestant and Catholic. He is loved and revered by the church of his own faith, the Congregational, as the foster father of all the great principles dear to the hearts of Congregationalists.

Dr. Gladden will be assisted Friday evening by one of the best vocalists, Mrs. Mary Motley Hayes who will sing a number of solos.

Tickets will be sold by individuals and at the door. The small sum of 25c will be charged to give the entire public the benefit of hearing Dr. Gladden.

### DECISIONS OF SUPREME COURT RENDERED TODAY

(ASSOCIATED PRESS TELEGRAM)

Columbus, O., May 11.—The Manufacturers Appraisal company of Cleveland lost its fight for payment of \$13,000 by Franklin county commissioners for assistance given the board of real estate appraisers in 1910, when the supreme court today affirmed the judgment of lower courts, denying the company compensation. It was hired to assist in making the quadrennial real estate appraisals and the board of appraisers ordered the company paid \$8,000. Former Prosecutor Turner, now attorney general, fought the payment and won both in the common pleas and appellate courts. The decision in effect, holds that public officials entrusted with assessing powers cannot delegate their work to private agencies.

The McNaull Boiler Manufacturing company, Cincinnati, will have to pay \$2,000 for the injury to Charles Stretz, aged 8, when the boy fell into an excavation in 1911, the court held, affirming decisions of lower courts. The Cincinnati Traction company won its case instituted by Raymond R. Reilly, proprietor of an auto livery company for \$1,200 damages to a automobile when struck by a street car. The common pleas court gave Reilly that amount, but this judgment was reserved by the court of appeals, which the supreme court sustained.

Christian Snyder of Canton will have to serve six months in the workhouse for assault on Ruth Petree, five years ago, the court held, affirming judgments of the common pleas and appellate tribunals.

The supreme court refused to receive the case of Samuel Hirsch against the City of Cincinnati, holding that Hirsch will have to serve the sentence imposed on him by lower courts when he was convicted of operating a race book-making business.

The following additional discussions were announced: Motion docket—Albert Hilbert, Corey vs. Jos. W. Hills, et al; motion for order directing court of appeals of Cuyahoga county to certify its record. Overruled.

Erie railroad vs. Byron B. Marietta; motion by defendant to strike petition in error from file in cause No. 11,846 on general docket. Sustained. Samuel Hirsch vs. the City of Cincinnati; motion for leave to file a petition in error and for an order directing the court of appeals of Hamilton county to certify its record. Overruled.

Bernard Nicholas, et al., vs. Josephine Whitney; motion for order directing court of appeals of Hamilton county to certify its record. Overruled.

The Printz-Biederman company vs. Nathan Bronfield; motion for an order directing the court of appeals of Cuyahoga county to certify its record. Overruled.

P. D. Hardy vs. Helen Koehler, administratrix; motion for an order directing the court of appeals of Stark county to certify its record. Overruled.

The Lake Shore Electric railway company vs. Carrie Brennan, administratrix; motion for an order directing the court of appeals of Erie county to certify its record. Overruled. Thomas Edgar, admr., vs. the Na-

**HEROIC WORK OF FIRE FIGHTERS AT GRANVILLE**

Prevents Spread of Flames and Much Property was Saved—Village Visited by Burglars.

Granville, O., May 11.—At about a quarter before eleven o'clock last night, Granville people were alarmed by the vigorous peals of the fire bell and soon the streets were alive with these hurrying to the scene of the fire. They needed no direction for the south was lured with the flames that had gained fierce headway at the P. M. Ashbrook warehouse, the large new frame barn of William Black in which were stabled six horses, his ware house and smaller barn, and two box cars in the T. & O. C. yard, filled with sewer tile.

The fire department did valiant service and a large delegation of Denison students turned in with a will, forming a bucket brigade which prevented the fire from spreading to a nearby dwelling in which Mr. and Mrs. Fately reside. Mrs. Fately, who is ill, was carried to Mr. and Mrs. Moore's home in South Mulberry street, while heroic measures were used to save the house, and the lumber yard from the flames. These earliest on the scene say that the fire had gained such a start that the buildings were practically ruined before the alarm was given and despite the efforts of the fire ladders, they burned to the ground. Mr. Black is in Connecticut with his sick brother. It was understood that there is only partial insurance, several men being involved in the losses who had rented the ware rooms. The origin of the fire has not been fully determined, though it is supposed that the cooking outfits of the foreign laborers at work on the sewers was so defective as to have started the fire in the building which housed them.

Prof. Theodore Johnson, who was one of the first to arrive at the fire last night, was one of the most efficient and indefatigable of the workers. By his foresight and initiative, four of the box cars, loaded with sewer tile and cement, were removed from danger, and his superior strength was invaluable in handling the heavy hose, but he had the misfortune to step on a nail and was forced to summon a physician to dress the wound, which, as yet, has given no signs of further trouble.

Burglars were busy last night in the business section of Granville, though they seemed to labor under great disadvantages, as little is reported missing from any of their victims. Fipser's Meat Market, Morrow's store, Chrysler's grocery, the Jones & Van Voorhis and the John Geach hardware stores are reported among those plundered with little or no reward to the thieves.

The Presbyterian church of Granville was filled last night with a large and interested audience who witnessed the installation of the pastor, Rev. E. D. Barnes, and the ordination of the Rev. Payson Linnell, son of Mr. Albert Linnell, who resides on the Lancaster Road. The services were impressive and the music beautiful.

Rev. Barnes has gained the love and esteem of his parishioners as well as the respect of the entire community during the short time of his incumbency and there were many visitors among the large congregation. Rev. Payson Linnell, too, has many friends in the community who were specially interested in the program.

Below is the order of exercises:
